

SOHARPET PET PRODUCT P0110

Bottle Grade PET Resin

High-quality polyethylene terephthalate resin specifically designed for producing beverage bottles with precise specifications and high quality.

High Quality, Superior Performance ✓

QUALITY SPECIFICATIONS

Intrinsic Viscosity (IV)		0.80 ± 0.02 dl/g
Acetaldehyde	ppm	1 Max
Melting Point	°C	247 ± 2.0 °C
Color b	/	-1.5 ± 1.5 b* value
Crystallinity	%	50 Min
Moisture Content (when packed)	wt %	0.2 Max wt %
Chips / gm	pieces	60 ± 5

- Intrinsic Viscosity 0.80 suitable for bottle production ✓
- Very low moisture and acetaldehyde
- High dimensional stability and clear color ✓
- Precise testing & control with advanced industrial equipment ✓
